

Maestro

On-demand resources

Dial resource hours up or down via your Maestro portal.

Control how much support you need, when you need it.

US-based and global talent always available.

New resources ready to start in as little as **2 weeks**.

1

Log in to your Maestro portal

Access your self-service booking portal to browse qualified candidates, filter by experience and qualifications.

2

Browse & book resources

Browse candidates that match your criteria, then request the resources that best fit your needs, or re-book resources you've worked with before.

3

Track & manage support

Dial resource hours up or down as needed. Monitor usage, resources, and costs with complete transparency using your personalized dashboard.

The Maestro difference

Flexible booking

We retain our on-demand resources so you don't have to. Book between 5 and 40 hours/week with any resource you need.

Financial control

With no retainer fee, you only pay for the hours you need. Resources are booked and managed by you through the Maestro portal.

Speed

Maestro candidates are pre-selected, vetted, and on-boarded to Quoris, meaning they can start on your team in as little as 2 weeks.

Candidate Fit

Filter experience and qualifications in the portal, then interview the candidates you select. Keep or swap support as you choose.
